

"So it is not the will of my Father who is in heaven that one of these little ones should perish." Matthew 18:14

Jesus made it very clear that children are important. They have incredible potential and are a hope for a better tomorrow. So we invest in them.

But sometimes children have the possibility to invest in us...to show us that no matter our age, God is not finished with us. This is our story with Hope Haitian Choir.

From the first time we met these beautiful young people from Haiti, we just couldn't get enough of what good things they had to offer.

Hope Haitian
Choir

And now in year number 8, we are ready to embark on another month-long

adventure with 15 children and young adults who exude hope in a land that appears so hopeless to so many.

Our land is at a crossroads on so many fronts. We pray that in this next month, many people will be challenged and encouraged to look outside what is seen in order to find peace and redemption in the Unseen.

There is HOPE!

Here is the list of concerts ahead of us. We know life is busy, but God has never failed to bring a blessing on any night, so we hope to see you. We all may need what these young people have to offer more than we think!

Yesterday we traveled to New Jersey to meet the choir and chaperones who are expected early Wednesday morning...we can't wait to see them!!
